

# JENNIFER AND WESLEY

## DEAR EXPECTANT PARENT

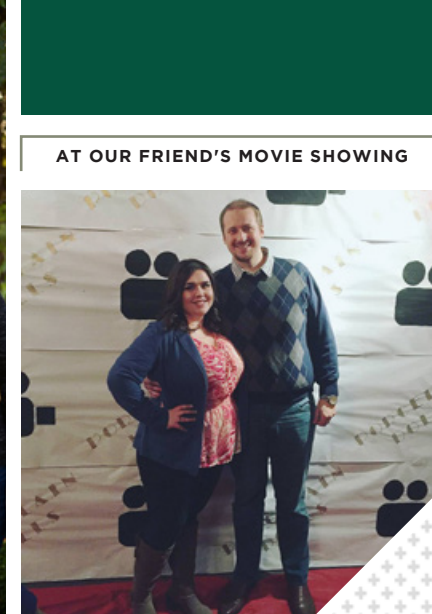

HI, WE ARE

**JENNIFER** AND **WESLEY**

Together with our sons Louis and Bobby, *we live in Wisconsin* on beautiful tree-lined street

Both of us are so **GRATEFUL FOR YOUR CONSIDERATION** of us as adoptive parents of your precious child. *We couldn't be more excited about providing a loving home for your baby.*

We have a close-knit community of friends and family who are nearly as thrilled as we are about this adoption—this includes grandparents, uncles, aunts, and cousins. Also, our four-year-old son, Louis, couldn't be more excited. All she he talks about is wanting to be a big brother again, saying things like *"when are we going to bring the baby home?"*

WE CAN'T WAIT TO BECOME PARENTS AGAIN TO A THIRD CHILD

## ABOUT US

**WE MET THROUGH A MUTUAL FRIEND 12 YEARS AGO** and got married on a beautiful winter day in 2010 with our closest family and friends.

**B**ecause we met at a young age, we've been through a lot together—college, moving out of our parent's homes, our first jobs, buying our first house, and now, parenthood (the best part!). We love spending quality time together. **We are homebodies and there's a lot of love in our house.** We have family over at least once or twice a week. We also enjoy exploring Wisconsin and traveling as a family.

**GRANDPARENTS, AUNTS, UNCLES, COUSINS—all are within driving distance. Most live within 30 minutes of our home!**

## WHAT AM I LIKE?

I grew up in Illinois but I am proud to call Wisconsin my home. I grew up playing a lot of sports, like basketball and football. I went to college on a football scholarship, even. I've always had a love of anything sci-fi and fantasy. I grew up playing D&D and I'm self-proclaimed a nerd (*in the best way possible, if I do say so myself*). Some of my other hobbies include playing guitar, writing poetry, and brewing beer.

**I'VE ALWAYS WANTED TO BE A FATHER.** One of my sister's is 13 years younger than me, and I always loved helping care for her. I remember waking up in the middle of the night, changing diapers, and making her laugh. My favorite is Saturday mornings where we laze around and play and watch cartoons. **I love being a dad to my boys and I can't wait to become a parent once again.**

TWO OF WES'S FAVORITE THINGS—COFFEE AND GAMING!

WES LIKES TO PLAY GUITAR! HERE HE'S PLAYING A UKULELE

**"I AM A BIG KID AT HEART. One of my favorite parts of the day is coming home after work and play-wrestling or dueling action figures with the boys."**

THERE'S SO MUCH JOY WITH CHILDREN IN YOUR LIFE

## WHAT DO I DO FOR WORK?

**I'M A SCIENTIST.** I work with good bacteria—the kind that goes into yogurt and other foods. I work with bacterial DNA. I'm also a published scientific author. I love that I get the opportunity to work with people all over the world. **My job allows me to be home at 5pm every day and spend lots of quality time with my family.**

MOTHERHOOD HAS FELT LIKE A CALLING

## WHAT DO I DO FOR WORK?

**I'M A GRAPHIC DESIGNER AND I WORK IN THE FIELD OF ADOPTION!**

In fact, I design the very books you're reading! Helping connect expectant parents to adoptive parents is an incredibly rewarding career. I get to call myself an "adoption auntie" and I **LOVE** seeing forever families being built. My job is super flexible, and I get to work from my home! I plan to take 9 months off of work when baby arrives.

## WHAT AM I LIKE?

I was born and raised here in Wisconsin and I can't imagine living anywhere else. **I'VE BEEN ARTISTIC FROM A YOUNG AGE.** I was in after-school art classes, and even did cake decorating in 4H. I won Grand Champion twice while competing. I knew I wanted to be a graphic designer by the time I was 14—*not many people know what they want to do at 14!* In High School, I played ice hockey.

I soon met Wes and attended college in Madison, Wisconsin. I received an associates degree in Graphic Design. I've been working for the same company ever since graduation. Seeing adoption up-close has inspired me to adopt. Being a mother has been the favorite chapter of my life. It's a lot of hard work but I find it so rewarding. **I seriously can't wait to do it again!**

**Louis is a sweet boy with a lot of energy and a big imagination.** He has taken to being a big brother wonderfully. Louis's favorite things are chips and salsa, karate, and wrestling with dad.

## ABOUT BOBBY

**BOBBY IS A SUPER SMILEY 6 MONTH-OLD!**

**Robert, "Bobby", is the newest addition to our family.** He absolutely loves his big brother Louis! Louis can just glance at Bobby and he grins from ear-to-ear. *Bobby is a easy-going baby who smiles and laughs a lot.*

## WE LIVE IN WISCONSIN

**W**e live on a tree-lined historic street in a cute little tan, brick bungalow. **Nearby are several parks, a cool park with deer you can feed/pet, and a library.** We are just blocks away from a great school system. We live with two cats, Magnolia (Maggie), and Stella. They are great with kids and have become best buds with Louis and Bobby.

## OUR FAMILY

**JENNIFER** has a small but tight-knit family who all live within 30 minutes of our home! Jenn is very close to her mom and sister and we get together frequently with them both. **HER SISTER, EMILY, JUST HAD A BABY GIRL WHO IS ONLY 3 MONTHS OLDER THAN BOBBY.** *We can't wait to see them grow up together!* Jenn's grandparents drive school buses and Louis loves when they give him a ride in one of their buses. We feel fortunate to have great grandparents in the lives of Louis and Bobby. We see Jenn's mom and dad at least once a week. They are very supportive of our decision to adopt and can't wait to spoil a new grandchild.

**WESLEY** has a large family (3 brothers and 2 sisters) who we see often! Wes's dad and step-mom live within 15 minutes and we visit them frequently for family dinners and grill outs. **LOUIS LOVES GOING TO THEIR HOUSE BECAUSE HE GETS TO PLAY WITH HIS UNCLES WHO ARE IN MIDDLE SCHOOL AND HIGH SCHOOL.** Wes's mom lives in Illinois on the family farm. *The boys get a taste of country life whenever we visit.* Thankfully, it's only about an hour and a half drive away. Wes's other siblings live within driving distance, one in Minnesota and the other near Milwaukee, Wisconsin. Wes has 4 nieces and nephews who are close in age to Louis and Bobby. **They have a blast when we get together!**
